

Holzappel Preserve

LOCATION:
199 Meadow Lane
Greenville, OH 45331

- FEATURES:**
- 2 acres
 - Small native tree arboretum

This 2-acre parcel of land, adjacent to Greenville High School, was gifted by local resident Elaine Holzappel in 2019. She worked for 10 years prior creating a small native tree arboretum. The preserve makes up for its smaller size with tree species density. The Darke County Parks plans to continue to grow the excellent biodiversity on this in-town plot.

The Holzappel Preserve will be used for educational purposes and programming for students at the nearby school and for the general public.
